Building Funds

A resolution seeking \$3,175.

300 in building funds to construct three more elementary schools and additions at 16 others was passed Friday night by the Torrance Board of Education.

Since the district is part of the state loan program, state approval must be obtained before the funds are allocated. The new buildings would help to ease the district double session problem. About 11 per

The new buildings would help to ease the district double session problem. About 11 per cent of local youngsters now are on half-day sessions.

Approximately half of the money — \$1,552,000 — would go for construction of Adams School, 238th and Arlington Ave.; Towers School, Towers and Ronald Ave.; and Madison School, 176th and Doty Ave.

About \$1,623,000 would go for additions at Arlington, Carr, Crenshay, Lincoln, Magruder, Perry, Newton Riviera, Anza, Flavian, Jefferson, Meadow Park, and Sepulveda Schools and the district administration facilities.

The money is part of the \$15,000,000 in bond money approved by Torrance voters last October. It includes money for projects which will be built within the next two or three years.
